🔗 https://pingale-shubham.github.io/portfolio/

Proficient in **HTML5, CSS, Bootstrap, JavaScript, React.js,** and **WordPress** for front-end development, and skilled in **PHP** and **Node.js** for back-end technologies. Experienced with databases like **MongoDB** and **MySQL**. An attentive listener and quick learner, open to new ideas and feedback. Strong ability to understand and respond to others' needs, fostering a positive and productive work environment.

🧠 SKILLS

Frontend: HTML | CSS | Bootstrap | JavaScript | React.js | WordPress

Backend: PHP | Node.js | Python

Database: MongoDB | MySQL

💼 PROFESSIONAL EXPERIENCE

Swyom | Swyomsoft | Swyom Enterprises   Mar 2024 – Aug 2024 | Satara
Software Trainee
- Assisted in software development projects, contributing to both front-end and back-end solutions.
- Gained hands-on experience in various programming languages, frameworks, and tools.
- Collaborated with senior developers on debugging, testing, and optimizing code.
- Participated in project planning, enhancing problem-solving and analytical skills.

Infinite Graphix Technologies   Jan 2023 – Jul 2023 | Pune
Web Designing and Development Intern
- Designed and developed user-friendly, responsive websites, adhering to industry standards.
- Collaborated with designers and developers to create visually appealing layouts and functionalities.
- Gained proficiency in HTML, CSS, JavaScript, and web development frameworks.
- Improved website performance and user experience through optimization techniques.

📂 PROJECTS

GoRacings
- Collaborated with a cross-functional team to design and implement comprehensive race management features.
- Developed real-time updates, detailed race history tracking, and robust user profile management.
- Improved platform functionality and operational efficiency, streamlining user interactions.
- Enhanced user engagement, leading to a seamless and optimized experience for users.

Task Management System (MERN Stack)
- Designed and built a task management system using MongoDB, Express, React, and Node.js.
- Automated task assignment, tracking, and completion, improving project workflow efficiency.
- Implemented user authentication and authorization, ensuring secure access to the task management system.
- Enhanced collaboration among team members by providing real-time visibility into task progress.
- Reduced bottlenecks and ensured timely project deliverables, optimizing overall project management.

Employee Management System (MERN Stack)
- Developed an employee management system to handle employee data, job roles, and performance metrics.
- Implemented key features like user authentication, role-based access control, and real-time data updates.
- Streamlined workflows such as attendance tracking, task assignments, and payroll processing.
- Increased administrative efficiency while ensuring a seamless user experience for both management and employees.

Landmark Resort
- Designed a dynamic and visually appealing web page for a resort, focusing on UI/UX and responsiveness.
- Created an intuitive layout with interactive elements like image galleries, booking forms, and customer reviews.
- Ensured seamless navigation across various devices, enhancing user engagement.
- Effectively showcased resort offerings, leading to improved user experience and potential bookings.

🎓 EDUCATION

Applications M.C.A. - Computer Programming   2021 – 2023 | Nashik, India
K. K. Wagh Institute of Engineering Education and Research
- Completed internships with hands-on experience in full-stack development, enhancing skills in both front-end and back-end technologies, complemented by comprehensive theoretical studies.

Bachelor of Science in Computer Science   2018 – 2021 | Dhule, India
SSVPS's Dr. P. R. Ghogrey Science College
- Demonstrated proficiency in software development and database management.

Higher Secondary Certificate (HSC)   2017 – 2018 | Dhule, India
SSVPS's Dr. P. R. Ghogrey Science College

Secondary School Certificate (SSC)   2015 – 2016 | Dhule, India
R. K. Chitale Madhyamic Vidyalay

📑 CERTIFICATES

- Diploma In Webpage Designing & Development Program

🌐 LANGUAGES

English | Hindi | Marathi

🎸 INTERESTS

- Acquiring new competencies
- Mastering multiple linguistic cultures
